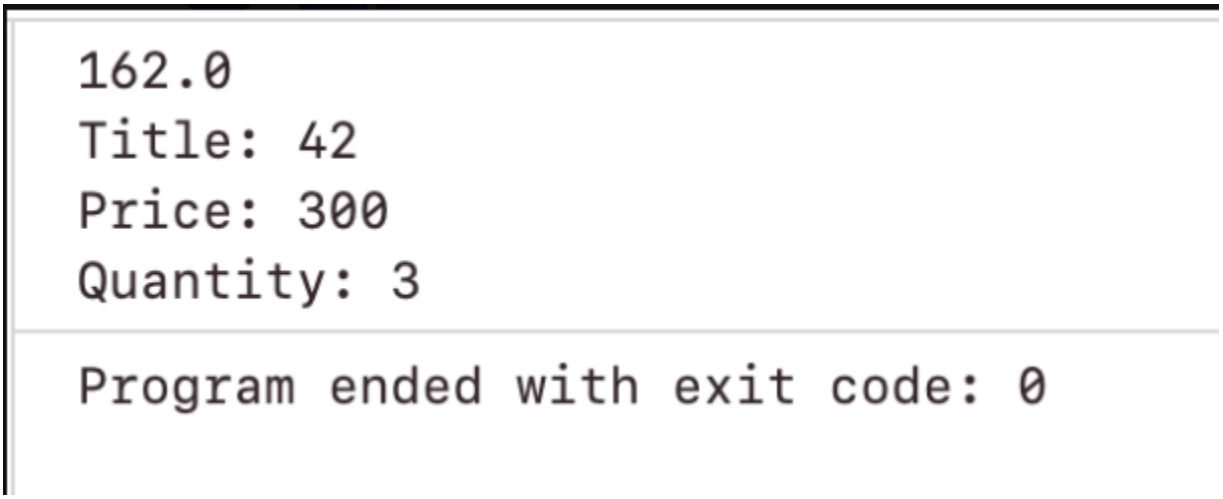
**MANJULA S- 717823F236**

**TASK : 3**


```
import Foundation
func task3(){
    var price: Int = 250
    var quantity: Int = 3
    let taxRate = 0.18
    price = 300
    let total = Double(price) * Double(quantity) * taxRate
    var title = "Order"
    title = "42"
    print(total)
    print("Title: \(title)")
    print("Price: \(price)")
    print("Quantity: \(quantity)")
}
```
